Linda Kabot, a former supervisor of Southampton Town, is the newest addition to the Town & Country Real Estate sales team.

“Linda brings a wealth of knowledge as a former local government official and administrator in Southampton Town,” said CEO and founder of Town & Country Real Estate Judi Desiderio. “We are thrilled to add her to the Town & Country team because she is what our company is all about: the power of deep roots, community-minded professionalism, integrity and exceptional customer service.”

Senior Managing Partner Nancy McGann added, “Linda’s extensive knowledge of local zoning and land use regulations, hard-working character, and leadership qualities honed in public service make her a valuable asset.”

Kabot served for 14 years in Southampton Town government, including eight years as an elected official. An honors graduate of Westhampton Beach High School and Hobart and William Smith College, Kabot was born and raised in Westhampton. She and her husband, Lance, an industrial arts teacher, live in Quogue with their three sons.

She will be joining Town & Country’s Southampton Office, located at 16 Hampton Road.
