Tuesday, February 9, 2016, by [Laura Euler](#)

Hamptons rentals run the gamut from modest to superlative, from reasonably priced to Holy Crap! We'll bring you three rentals per destination in various prices as we head east; today, the privileged enclave of Southampton.

Holy Crap!

1710 Meadow Lane, Southampton; [T&C](#)

Price: \$1,200,000 MD-LD

The Lowdown: [This five-acre oceanfront property used to belong to Linda Wachner](#). The house is 8500sf, with 10 bedrooms and 12.5 baths. Strangely, there's no tennis court, but there is of course a pool and spa. The house seems a little dated, but who's looking at the furniture when you could be gazing at those water views instead?
