Staff Writer | February 26, 2018

Town & Country Real Estate, the largest independently owned and operated real estate firm on the East End, is expanding again, opening its eighth office this spring in Greenport.

The office will be located at 120 Front Street, which is presently under renovation.

“Greenport is such an ideal place for an office because of the foot traffic,” said Town & Country founder and CEO Judi Desiderio. “And who knows more about great locations than real estate agents.”

Ms. Desiderio opened Town & Country in 2005 and the firm now has more than 160 agents and plans to add more to staff the new office.
