Rocket Gibraltar House On The Market

Rick Murphy | July 31, 2018

An iconic estate in Westhampton beach has hit the market. “Rocket Gibraltar,” at 32 Beach Lane, sits elegantly on almost two manicured acres highlighted by a copper beech tree. The 7000-plus-square-foot estate was renovated in 2008 and boasts all the latest amenities.

Several outdoor entertaining spaces include an open-air cabana, and a fireplace near the pool. The custom designed swimming pool is by J. Tortorella. History aficionados will appreciate the windmill, a graceful three-story tower that functions today as a hideaway of sorts. A separate, detached garage with rolling barn doors completes the property. Of note, the home was a backdrop in Rocket Gibraltar, the 1988 film starring Burt Lancaster and featuring Patricia Clarkson, Kevin Spacey, and Macaulay Culkin.
